5. Procedure for initiating the compensation payment

The Fund initiates the compensation payment procedure when at least one of the following circumstances is satisfied:

- a) The CySEC has determined that the Company is currently unable to meet its obligations arising from its clients' claims, in connection with the covered services it has provided, as long as such inability is directly related to the Company's financial position which has no realistic prospect of improvement in the near future, or
- b) A judicial authority has, on reasonable grounds directly related to the financial circumstances of the Company, issued a ruling which has the effect of suspending the investors' ability to lodge claims against the Company.

Following the decision to initiate the compensation payment process in accordance with paragraphs (a) or (b) above, the Fund publishes as soon as possible in at least two newspapers of national coverage, the invitation to the covered clients to make their claims against the Company arising from covered services, designating the procedure for the submission of the relevant applications, the deadline for their submission and their content.

6. Amount of payable compensation

The amount of compensation payable to each covered client is calculated in accordance with the legal and contractual terms governing the relation of the covered client with the Company, subject to the setoff rules applied for the calculation of the claims between the covered client and the Company. The calculation of the payable compensation derives from the sum of total established claims of the covered client against the Company, arising from all covered services provided by the Company and regardless of the number of accounts of which the client is a beneficiary, the currency and place of provision of these services.

Currently, the maximum amount of cover is either the 90% of the cumulative covered claims of the covered investor, or the amount of €20.000, whichever is lower. In case of a joint investment business:

- a) In the calculation of the covered amount noted above, the share that corresponds to each covered investor is taken into account.
- b) The claims are distributed equally among the covered investors, unless specific provisions exist and subject to the exceptions of point c below, the maximum coverage is provided to each Investor.
- c) The claims relating to joint investment business, to which two or more persons are entitled as members of a business partnership, association or grouping of a similar nature which has no legal personality, may, for the purpose of calculating the limits of compensation, be aggregated and treated as if arising from an investment made by a single investor.
